June 22, 1015

Dear Bernice,

Thank you for being a terrific friend and our real estate agent during the recent purchase of our new home and the sale of our former residence in Austin.

The comparable sales that you provided eventually helped us obtain an additional \$25,000 for our previous home. Because of your negotiating expertise we were also able to obtain our new home at “market price” in spite of the six other contracts that were presented on the same day.

We appreciate you guiding us through (and holding our hands) during the complicated closing process for both homes. We would not have survived without you.

As a thirty year commercial real estate Broker/Veteran, I have always used residential Brokers to purchase and sell our homes. Your guidance, advice, and professionalism were the best that I have ever experienced!

Fondly,

*Monica Korman    Hank Korman*
